## PERSONAL STATEMENT

I am an architect with RIBA PART 1 certification, graduated from the University of Edinburgh. Over the past five years, I have gained a comprehensive understanding of the entire process of architectural work, including design, drafting, and modeling, through participation in a variety of projects from work and study. These experiences has honed my technical prowess and nurtured my ability to communicate effectively with individuals from diverse professional backgrounds.

I am proficient in various drawing and modeling software in the architectural field, including AutoCAD and Photoshop, Adobe Illustrator, and InDesign from Adobe Suite, as well as 3D modeling software such as Rhinoceros, SketchUp, Revit, and Maya. This equips me to flexibly handle diverse project demands, ensuring work quality and efficiency.

My portfolio showcases a combination of my architectural projects and digital modeling works. Portfolio Link: [https://issuu.com/94979/docs/ma\\_application\\_1](https://issuu.com/94979/docs/ma_application_1)
